# MONIMAX 9100
Value delivered

Multi-Purpose Financial Kiosk

Features

- **Multiple Services, High Scalability -** The Monimax 9100 offers a wide range of services including bill payment, funds transfer, balance inquiry, mobile phone top-up, mini statement, A4 or letter size statement issuance, loan approval and passbook printing.
  With its open architecture design, various other functionalities can be implemented for easy upgrades and high scalability.

- **Customer-centric Options -** The Monimax 9100 makes the self-service experience more dynamic by giving users the freedom to choose between a variety of identification and transaction options. Choices include contact-less card sensor, barcode reader, card reader, encryption PIN pad, touch screen and biometrics.

- This ATM provides added convenience in the branch environment for customers with non-cash transactions, offering more options and faster service.

- **Innovative Self-service Convenience -** The Monimax 9100 is an innovative way for both banking and non-banking customers to save time and enjoy more self-service convenience.
